(*b*), (*c*) and (*d*) Do not arise in view of reply to (*a*).

MR. DODDA LINGA NAIK (Minority Interest).—

Q.—69. Will the Government be pleased to state:—

(*a*) The number of boys and girls of the backward classes (IV Group) studying in middle schools, high schools and colleges, during the year 1930-31 (classwar)?

(*b*) The amount of scholarships distributed to this group in the middle schools, high schools and colleges during the said year (classwar)?

(*c*) The number of scholarships that lapsed (classwar) and in which institution?

(*d*) How were the lapsed scholarships disposed of?

CHIEF SECRETARY TO GOVERNMENT.—

A.—69. (*a*) There were in all 15 boys of Group IV studying in the colleges under the University. Information regarding the number of students of this group in high and middle schools is not readily available.

(*b*) Eleven scholarships of the total value of Rs. 1,350 were awarded to the students of this group in the colleges. Seventy-five scholarships of the value of Rs. 8 per mensem and 76 of the value of Rs. 4 per mensem were awarded to the students of this group in all the high and middle schools in the State respectively.

(*c*) There were no lapses in the University Colleges. The scholarships in the high schools are distributed districtwar, and those in the middle schools talukwar, and therefore it is not possible to give the number of scholarships that lapsed in each institution and in each class. The total number of scholarships that lapsed was 3½.

(*d*) This question does not arise in respect of colleges. The value of lapsed scholarships in the high schools was utilised for awarding seven more scholarships in the middle school stage.

APPENDIX III.

APPENDICES TO ANSWERS TO QUESTIONS.

[Vide *Answer to Question 2 (a)*]

STATEMENT I.

Statement showing the travelling allowance and conveyance allowance drawn every month by the Presidents and Vice-Presidents of the several District Boards during the year 1930-31.
